

Kubota

**U10-3**

**New Kubota mini-excavator**

**FOR EARTH,  
FOR LIFE**

# The U10-3 sets the standard for all ultra-compact excavators.

SPECIOUS, COMFORTABLE, AND MORE PRODUCTIVE, YET IT FITS IN THE TIGHTEST SPACES.

## Spacious legroom

The spacious legroom contributes to making the operator feel more at ease during operations.

## Zero tail swing

Zero tail swing prevents any damage from occurring to the engine cover, allowing the operator to focus more on the job at hand.

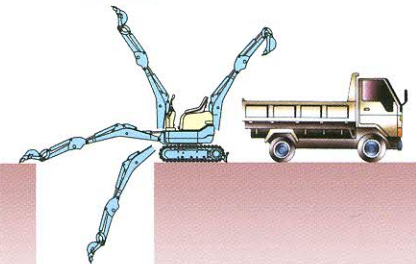

TURNING RADIUS  
500mm

## Tow speed travel

Step on the high speed pedal, and you'll maneuver around job sites faster.

Travel speed (Low/High):  
2.0/4.0km/h

## Working range

The U10's excellent reach and digging depth ensure that each digging job is performed with maximum efficiency and speed.

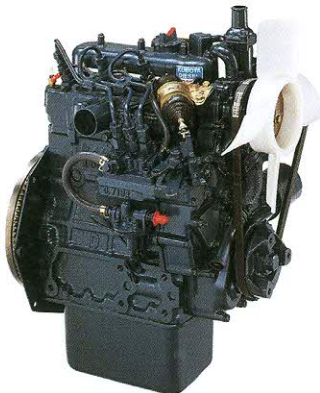

Max. digging depth: **1,800mm**

Max. digging radius: **3,380mm**

## Kubota engine

Powerful and dependable, the U10's diesel engine delivers superior horsepower and performance. It offers low noise and vibration levels, exceptional fuel efficiency.

Output: **7.4kW(10.2HP)**

## Variable track width

The U10 features a hydraulic track gauge that can be adjusted to between 750mm to 990mm. With the touch of a single lever, you can reduce the track gauge to navigate narrow spaces or increase it to improve functionality.

750mm

990mm
